Day 1 of the project meeting (08 April, 2015)

Yasad started the meeting with the presentation of the partners and some organizational issues. The agenda for the first day of meeting was presented and also for the second day. All partners agreed with the agenda for both days.

Stefano Cobella introduced a new management of **Polo Europeo** representatives, he presented his organization and also they specified that this summer there will be a fair which is organized by his organization will consist of Love Power of Nature activities.

Stefano Cobella started his presentation with what was done in the project for the last six months. For dissemination participated in press activities in Balikesir. They also made a lot of articles in local media, a lot of conferences and workshops in Balikesir.

Ergun Demir, representative of Balikesir University, continued with the presentation of their activities of organization : introduce the rehabilitation model ,establish the rehabilitation model in nature, allocation of project results ,general conference , press conference.. Dissemination on press in Balikesir, advertisement in newspapers, articles, reached 32 disability students during the project. They made the dissemination report and they prepared their module.

Mihaela Popovici from Centrul European pentru Integrare Socioprofesională ACTA presented their presentation : they are responsible for training course. They would like to educate the people who are trainers.

Maciej Dymacz from **ARID Lacjum, (Poland)** explained the targets and the theories of the project.

There were a lot of questions about the project and some issues.

- We can work with 16 mental disable students from Turkey.
- The user should be able to self print their certificate;
- The certificate should be received only when the participant answers to all the questions with the right responses.

Sergi Raventos from **DEMÀ (Spain)** started his presentation with introduce of rehabilitation model. He presented feedback of rehabilitation model.

- . exhibition of rehabilitation model
- . set up website with a learning platform
- . practising model that each partner will have done the rehabilitation model in their country on target groups.

Márcia Santos from **Geoclube (Portugal)** started the meeting with the suggestion that it should be discussed the decision regarding the case studies.

- . establishment of rehabilitation in nature platform.
- . sustainability of the project.
- . reaching 160 trainers after the training courses in each country.
- . preparation of questionnaire

Day 2 of the project meeting (09 April, 2015)

Maciej from **ARID Lacjum** asked what is their role in the final conferences, press conferences and workshops that other countries have to do it. Stefano Cobella answered that ARID Lacjum’s role is to gather information about organized activities made by the other partners (Same situation with the e-handbook).

Ergun Demir, representative of Balikesir University said that each partner will have sent results of rehabilitation model in their country to activity leader.

After the partners agreed with the deadlines,

Ergun Demir, representative of Balikesir University has requested more disseminations about project and warned that each partner has responsibilities to do it and closed the project meeting.

- . dissemination of project results
